

IntePro® PS

GRAPHIC ARTS

IntePro® PS board is comprised of a dense polystyrene foam center with smooth solid polystyrene on both faces. The three layers are co-extruded, providing a product with unmatched strength and durability that will not delaminate.

IntePro® PS board is ideal for POP displays, digital and screen printing, picture mounting and indoor signage.

Advantages

- Co-extruded for extra strength and no delamination
- Smooth surface for excellent print quality
- Easy to cut with saw, router, guillotine, die cut and hand cut
- Rigid and Flat
- Made In the USA
- 100% recyclable material

Specifications

- IntePro® PS board is stocked in 3/16" thickness
- 4' x 8' sheets readily available
- Custom sizes and colors by request
