

MAPLON®

Rolls

Maplon® Polypropylene film supplied as rolls.

Being environmentally friendly AND priced competitively are only two of the reasons why Maplon® is the perfect media for printed signage and point-of-sale advertising.

Maplon® rolls are used in many different applications such as signage, POP, POS, labels, flower tags, packaging, stationery and other applications including thermoforming.

With a wide format and 0% light transmission Maplon® rolls are ideal for multiple types of printing such as Screen printing, Litho Offset, UV Digital & Flexo printing.
